## Simplify. Innovate. Transform.

**Abdullah Alhmzani** is a Developer Advocate at IBM. He worked as an application developer at Ministry of Interior, where he efficiently developed internal software tools. Abdullah aims to empower developers with the latest technologies to be able to deliver flawless software that meets their clients' needs. Abdullah received his master's degree in Software Engineering from Carroll University.

**Firas Moalla** is a Software Developer who works in IBM. He graduated with a Bachelor of Electronics and Computer Engineering with First-class honours from Newcastle University. Afterwards, he graduated with MSc in Computer Science from the University of York in the United Kingdom. Firas designed and implemented state-of-the-art memory profilers for functional programmers.
