

ACADEMIC FIELD TRIP TO COLLEGE OF MEDICINE, KING KHALID HOSPITAL RIYADH KSA

It is our great pleasure to share that after concrete efforts of Prof. Nor Sharizah and Dr. Tanzila Saba instructors of IS205 & IS251 (Business Process Management & Enterprise Architecture), students got valuable opportunity to have an academic field trip to College of Medicine, King Khalid Hospital, Riyadh on 13/03/2015.

College of Medicine IT management welcomed students and shared the knowledge about Health Information System (HIS) structure, its input and processing to output, additionally, allowed students to visit different section of the hospital. Detail discussion with the IT manager, Mr. Salman Khalid in relation to the Health Information System was really fruitful as students observed practical implementation of the information system.

Finally, we are highly thankful to Dr. Rimah .S Al-Yahya for the approval of this trip and special thanks for College of Medicine management to make this trip a success.
